

Certificate IV in Ageing Support

CHC43015

About this course

Course description

This qualification reflects the role of support workers who complete specialised tasks and functions in aged services; either in residential, home or community based environments. Workers will take responsibility for their own outputs within defined organisation guidelines and maintain quality service delivery through the development, facilitation and review of individualised service planning and delivery.

Is this course right for me?

Are you looking to launch your career as a carer in the aged care industry in either an aged care facility or a home and community environment?

- » Are you dreaming of a meaningful career?
- » Are you passionate about aged care?
- » Do you want to work in a sector that is rapidly growing and the demand for skilled workers is high?
- » Do you want a career that has flexible hours?

Then the Aged Care sector needs YOU!

The aged care industry needs people that are passionate about making a difference to the lives of others, have patience, empathy, and a 'can do' attitude. Aged Care is more than just a job; it's a commitment to care, love, nurture and enrich the lives of our ageing population. Over and above the offer of a rewarding and fulfilling career where you will make a difference in people's lives, the aged care industry is a smart choice in terms of employment. Aged care facilities, home and community care providers and other Aged Care services are always searching for carers and support workers. Skilled staff are in high demand and as the sector grows the number of job vacancies is set to increase.

Career Pathways

The following employment opportunities may be available following the successful completion of this course;

Personal Carer in an aged care facility

Personal Carer in home and community care

Respite Support Worker

Please note completion of this course does not guarantee an employment outcome.

Course Snapshot

More on practical placement

Practical placement is an important part of your course - 120 hours of practical placement is required to achieve your qualification. It is a great opportunity to put all your knowledge into action and showcase your skills to a prospective employer.

We arrange placement for you! We always aim to organise placement for you in a workplace that is aligned with your individual needs and aspirations, and if possible conveniently located.

When students are undertaking placement they must wear a student uniform at all times. You will be required to dress in the attire as directed by the facility where you complete practical placement. We provide all learners with an Aged Care Training Services polo shirt and name badge. Any requirements over and above this (such as pants and shoes), you will be required to organise yourself and is not provided to you by ACTS.

COVID

Please note that practical placement is a mandatory component of the course completion and may be impacted by COVID or other infectious outbreaks. Rest assured we will inform you of any changes to your placement and work with you to complete your mandatory placement.

NDIS Check

Some workplaces such as Disability Services require students to have an NDIS check to commence placement. In this case, we will assist the student to complete an NDIS check and all fees associated with the check will be paid for by the student.

Police Check

All students are required to arrange their own police check before commencing placement. We will provide links and guidance to help students complete the police check process when they are approaching their placement.

The cost of the police check is the responsibility of the student.

If the police check is clear, we will arrange placement for the student. If the police check reveals any findings, the student will need to secure their own placement. In these cases, we will provide support where possible; however, we are unable to arrange placement on behalf of students with findings on their police check.
